

# FRE2028 – 16 Video Ideas

YouTube roadmap: Nov 2026 → Feb 2028 · by Fré Leys (PhD Mech. Eng., 2x World Cup Gold)

**Hey!** Fré is planning one main YouTube video per month until LA 2028 (climbing + engineering + prosthetics). For each idea, drag the slider from **0 (stupid)** to **10 (great)** and add a comment if you want (e.g. a better title). When you're done, press **Send my verdict** and paste the result back to Fré. Your answers are saved in your browser while you work.

## 1 Why Climbers Suck at Slopers (And the Secret to Insane Power Endurance)

Nov 2026 · Core climbers & engineers

Product launch #1: Sloper King      Expected views: 35k – 80k (~55k)

Comment / better title (optional)

## 2 Can 3D-Printed Climbing Gear Hold 800 kg? (Hydraulic Destruction Test)

Dec 2026 · Makers & tech skeptics

Authority & proof      Expected views: 60k – 150k (~100k)

Comment / better title (optional)

## 3 I Gave an Elite Climber a Prosthetic Leg (It Did Not Go Well)

Jan 2027 · General YouTube & climbers

 **Mega viral breakout**      Expected views: 150k – 500k+ (~300k)

Comment / better title (optional)

#### 4 Why Standard Hangboards Injure Your Fingers (The A2 Pulley Fix)

Feb 2027 · Climbers & biomechanics

Product launch #2: Fingerprint hangboard

Expected views: 40k – 90k (~65k)

3 / 10

0 · stupid

10 · great

Comment / better title (optional)

#### 5 I 3D-Printed a Custom Grip for World Champion Jakob Schubert

Mar 2027 · Global climbing community

Collab subscriber surge

Expected views: 100k – 300k (~180k)

4 / 10

0 · stupid

10 · great

Comment / better title (optional)

#### 6 I Analyzed 50,000 Kilter Board Climbs (The Most Sandbagged Holds)

Apr 2027 · Tech nerds & board climbers

Data & app virality

Expected views: 40k – 100k (~70k)

7 / 10

0 · stupid

10 · great

Comment / better title (optional)

#### 7 I Built a Transparent Climbing Wall in My Living Room

May 2027 · Makers, DIY & Shorts crossover

Visual spectacle viral

Expected views: 120k – 350k (~220k)

9 / 10

0 · stupid

10 · great

Comment / better title (optional)

## 8 The Physics of Friction on Impossible Holds (feat. Hannes Van Duysen)

Jun 2027 · Climbers & physics geeks

Domestic super-collab

Expected views: 45k – 95k (~70k)

6 / 10

0 · stupid

10 · great

Comment / better title (optional)

## 9 Can an Algorithm Predict When You Will Fall? (Heart Rate Telemetry)

Jul 2027 · Wearable & biohacking nerds

Scientific innovation

Expected views: 25k – 60k (~40k)

8 / 10

0 · stupid

10 · great

Comment / better title (optional)

## 10 Engineering My Way to the Paralympics (Making Gear That Actually Worked)

Aug 2027 · Mainstream media & sponsors

Brand manifesto & origin story

Expected views: 50k – 120k (~80k)

not rated

0 · stupid

10 · great

Comment / better title (optional)

## 11 I Remade the World's First Indoor Climbing Hold

Sep 2027 · Heritage & culture fans

Emotional depth & roots

Expected views: 20k – 50k (~35k)

7 / 10

0 · stupid

10 · great

Comment / better title (optional)

## 12 I Built 3 Ridiculous Climbing Prosthetics (Drill, Spring & Jumper)

Oct 2027 · Mainstream YouTube & gamers

Maker chaos & comedy

Expected views: 100k – 400k (~250k)

4 / 10

0 · stupid

10 · great

Comment / better title (optional)

## 13 Stop Doing Repeater Hangs (Why Alternating Hands Builds True Power Endurance)

Nov 2027 · Dedicated climbers & coaches

Protocol & training app

Expected views: 35k – 75k (~50k)

4 / 10

0 · stupid

10 · great

Comment / better title (optional)

## 14 I Got a Medical DXA Scan (The Brutal Truth About Climbing Weight & Food)

Dec 2027 · Health & fitness audience

Vulnerable biohacking

Expected views: 40k – 85k (~60k)

7 / 10

0 · stupid

10 · great

Comment / better title (optional)

## 15 Inside a 2x World Cup Gold Training Week (Periodization & Recovery)

Jan 2028 · Loyal community & athletes

Road to LA28 start      Expected views: 30k – 65k (~45k)

5 / 10

0 · stupid

10 · great

Comment / better title (optional)

## 16 I Put Load Cells on Climbing Holds to Measure Real Force

Feb 2028 · B2B gyms & hardware tech

Future product & finale      Expected views: 30k – 70k (~50k)

not rated

0 · stupid

10 · great

Comment / better title (optional)

### How the channel is meant to grow

1. **Top of funnel – viral breakouts:** Ep 03 (prosthetic for a pro climber), Ep 05 (Jakob Schubert), Ep 07 (transparent wall), Ep 12 (crazy prosthetics) bring tens of thousands of new viewers at once.
2. **Middle of funnel – evergreen problem solvers & data:** Ep 01 (slopers/pump), Ep 04 (A2 pulley), Ep 06 (Kilter), Ep 13 (power endurance) give steady search views and word of mouth in gyms.
3. **Bottom of funnel – products & LA2028 campaign:** Sloper King pre-orders (€24.95 / €44.95), Fingerprint hangboards (€89), apps and corporate sponsors on the road to LA2028.
